

MEDWISH AT A GLANCE 2021

MedWish International is a Cleveland based nonprofit organization that saves lives and the environment by repurposing surplus medical supplies and equipment to provide humanitarian aid to people in need. It's estimated that nearly 2 million people around the world benefited from our efforts in 2021.

Although the pandemic continued to pose challenges, 2021 was another successful year at MedWish. Our mission remains more vital now than ever, and we continue to do all we can to support our local and global neighbors as we navigate these difficult times. We have worked tirelessly to provide aid to those in need, and look forward to continuing this work in 2022.
